## PROJECT

**Final-year Project (FYP)**

EventEaze: Wedding Management System

- This project is an e-commerce platform tailored for brides, focusing on the purchase of wedding-related items with an emphasis on Malay traditional elements. The system allows users to browse, select, and buy items such as traditional attire, accessories, pelamin decorations, dowry gifts, and other essential wedding items. By incorporating Malay cultural aesthetics and customs, the platform ensures a seamless shopping experience while preserving the essence of traditional Malay weddings.
